Bainton and Ashton Parish Council - Traffic Management.

Bainton and Ashton Parish Council (BAPC) seeks to take appropriate action to support the effective management of traffic across the villages to reduce speeding and support safer roads for both pedestrians and vehicles.

Bainton and Ashton Parish Council will....

1. Make decisions on strategies to improve traffic management having sought advice and information.
2. Identify available PC funding to support traffic management and pursue other available funding where possible, eg Peterborough City Council.
3. Work with the Bainton and Ashton traffic working group seeking their views including feedback from residents.
4. Participate in the work of the Traffic Group through the appointment of 2 Parish Councillors to be Liaison Councillors attending the TG meetings and who report back to the PC.
5. Be responsible for the use of and insuring of the traffic equipment purchased by the PC.
6. Monitor the use of equipment owned by the PC in line with agreed protocols and procedures. See BAPC's Privacy policy and Data protection policy.
7. Consult with and receive professional advice from Peterborough City Council Highways Department and Cambridgeshire Constabulary.
8. Communicate with and consult residents as necessary via normal council public meetings, additional public meetings, leaflets, website and social media posts.
9. Work with other Parishes across the Barnack Ward, Peterborough City Council and adjoining county's Highway Authorities to develop traffic management strategies across rural areas.

Bainton and Ashton Traffic Management Group will.....

10. Work with BAPC to support effective traffic management across the villages.
11. Consider proposals and strategies to improve traffic management across the villages.
12. Seek, and have regard for, the views of all parish residents.

13. Advise on and recommend action to BAPC. Where data, a report and/or proposal is to be made to the Parish Council this should be sent, via the Clerk, a week before the council meeting. This will then be a specific agenda item and noted, considered or resolved as appropriate at the council meeting. (There will also be the public participation item on the agenda for any other issue or concern to raise for items on the agenda.)
14. Manage the Moveable Vehicle Activated Signs and AutoSpeedwatch cameras on behalf of the PC.
15. Provide monitoring information to BAPC as agreed. See 13 and 14.
16. Update BAPC on any data protection issues and ensure correct protocols, as defined by ASW, the privacy/data protection policies and risk assessment are adhered to.
